21- Supply of 1-5 K.W. is required by the Garrison Engineer, Belgium in the Military Dairing Farm, Belgium for milk supply ^{expansion} ~~extension~~. It seems from the remarks against item 6(e) of the application that all the materials required in giving the supply are to be supplied by the consumer. The Co. is in a position to take up the load only outside the peak load period. It ~~seems~~ is seen from the remarks against item 5(h) of the application that the application is supported by an essentiality certificate from the C.R.E. Poma. However the copy of the certificate referred to ~~in~~ therein is not received with the application. The Co. has not shown the figure of the connected load also against item 5(c) & (d) of the application. It is therefore for consideration whether the application may be returned to the Company with a request to resubmit the same along with ^{the} essentiality certificate ~~from~~ issued by the C.R.E., Poma, after stating therein the figure of the connected load applied for. If so, the draft put up may issue if approved.

S-59/17/17511.

E.I.Bu(II)

P.W.D.,

Submitted together with S. Nos. 17368.
and 17510, with reference to the G.L.
No. S-59/17/15284 (2) - E.I., (II), dated 11.2.55.

2/- The Co. has sent the essentiality
~~ex~~ certificate as desired in the G.L. above.
However the certificate is from the C.R.E.,
Kishor, and not from the C.R.E., Purna
as mentioned against item 5 (b) of the
applocation. The supply is recommended
by the C.R.E., B. Kishor as essential from
the war point of view for the duration
of the war. The Co. states that there is
a load of 500 K.W. is already connected
at this premises and the application is
for additional to connected load. The
entry of the connected load of a paid down
of trouble. Therefore
5 (c) is not correct. The Co. has not also
shown the figure of the maximum demand
against

Dear Sirs,

We are informed by one of our Agriculture Pump Consumer Mr. V.K.Khasbag that his $4\frac{1}{2}$ HP Ganz Motor is burnt and he is unable to get it in Bombay Market and only 5 B.H.P. motor is available at present.

Under the circumstances he requests us to ~~permtt~~ permit him to instal a 5 B.H.P. Motor in place of old $4\frac{1}{2}$ B.H.P.

As there is no extra load on our supply system, we have recommended his case for consideration.

The necessary form is enclosed.

SUBJECT:- DEMONSTRATION FARM - ELECTRICITY SUPPLY.

We have purchased an Electric pump costing Rs. 1250/- for irrigating our Demonstration Plot. The pump is essential as bullocks and a moto cannot lift sufficient water for complete irrigation.

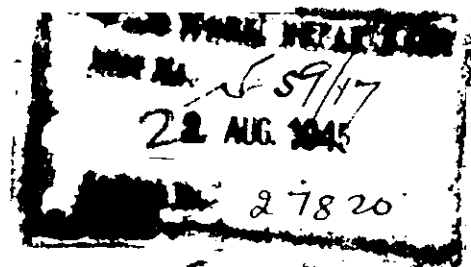

We now, however, require electric power which would have to be brought for a distance of 25 yards only. The Garrison Engineer, Belgaum, from whom an Essentiality certificate was asked, says this must come from you.

In view of the fact that the pump would only be working during the day, and that the Electric motor is 5 H.P. only, would you please issue the required certificate.

Colonel.
Comdt.

which item 6 of the
appln.

2/- A load of 2.0 kW is required by the G.E.,
Belgaum, for the Open Air Theatre & Institute, Nagzere
Dunes, Belgaum. The Supply Co. is not in a position
to take up the load during the peak load period.
It is seen from the remarks against item 5(h) of
the application that the same is supported by an
essentiality certificate from the C.R.E., Kivke. The
certificate attached to the application is, however, for
a load of 1.2 kW reqd. at the Farm Bldg. Belgaum.
Presumably this is in con. with another application
from the same consumer for an addl. load of 1.2 kW
at the Military Dairy Farm, Belgaum. It is, therefore,
for consideration whether the application may be
refd. to the C.R.E., Kivke for certifying the essentiality
of the supply applied for.

BELGAUM
(BOMBAY PRESIDENCY.)

DATE 26th. Oct. 1940.

The Deputy Secretary to the Government of Bombay,

To, Law Castle,

Y.
Sir,

We beg to lay the following few lines for your kind consideration and hope you will grant us the necessary permission.

We are exporters of E.I. Kips to London and are at present supplying all the output of our tannery to U.I.C. Ministry of Supply (Leather Control) Madras, through our agents. We are at present getting our motor supply by means of a motor which is very inefficient and works out very costly, so we intend installing a small electric pump, but we are told that Power could not be given to us, without your honour's sanction, so shall be thankful if you will kindly give us the necessary permit. We will require a very small H.P. motor and our consumption of electricity will be very negligible.

We beg to remain,
Sir,
Yours faithfully,
